

Hello Kids!!!

- ✚ I hope you are all Ok taking this time we should all be at home the best you can! I still haven't received some of you ESU's draft copies. For the ones who haven't written your pieces of writing, please don't sit back and relax and catch up on with your homeworks!!!
- ❖ In order to continue with our home schooling plan, this time you are supposed to write an essay. Writing essays is one of the main parts of the CAE exam and you'll have to work really hard on it. As soon as we come back to classes, we'll work personally on each of the item that should be included in your essays and we'll try to make the best of our time.
- ❖ A very important tip to take into account when writing essays is "brainstorming". As I told you in last week's task, take your time, sit down and think carefully on the topic you are supposed to develop in your piece of writing. Including new and accurate vocabulary, linking words and right connectors is as well important. Clear and ordered ideas will make your writing interesting and captivating.

Take a look at the following pyramid:

- ✓ This picture above is just a resume of what an essay should include!! Remember to express your ideas clearly and always include the information you are supposed to.

- For further information you might use your Gold coursebooks, Writing Reference, pages 168 & 169. There you will find hints and useful phrases to can include.

- "People with work experience can tell you what the job you're considering is really like.
- "Older people can give wise advice when you have a problem with a friend."
- It's hard to manage your money when you start living independently."

Write an essay discussing two of the areas in your notes. You should explain in which area young people could gain most from older generations, giving reasons in support of your answer.
